What we do for you.

Skyfield are rental suppliers of interactive touchscreens, event rental products and event WiFi rentals.

We are a service-based business and therefore we don't simply rent out products, we assist our customers with artwork, printing and any software, app installations or technologies needed to ensure our products work for you and that your event is a huge success.

Our full-service solution includes technicians, delivery and setup, content upload and artwork assistance, and remote Internet-based support when needed.

How to use this guide to book an item with us.

Getting started with the rental of products with Skyfield is really easy.

- Take note of the reference numbers of the items you need, it is at the bottom of each product page.
- Send an email to rentals@skyfield.co.za with your enquiry and the product reference numbers.
- Please include information such as the dates of your event, the delivery venue, quantities of each item, and any information you may need. This information will assist us in expediting your quotation.

Alternatively, visit our website at www.skyfield.co.za and use the "Get Your Free Quote" form to submit your request.

On receipt of your request, a Skyfield consultant will be assigned to you and will immediately start assisting you.

You can call Skyfield on 084 825 8000 at any time.

Part 1

Event Rental Products

Are you and your agency clients on the hunt for innovative event rental products that break the mold?

Imagine offerings that not only shine as fresh and unique, but also captivate visitors, encouraging them to engage a little longer and feel like they're part of something truly special.

Discover a range of cutting-edge products that elevate your event experience. Our solutions are designed to create buzz and leave a lasting impression, blending advanced technology with dynamic design.

With our rentals, every event becomes a memorable occasion where creativity meets engagement, ensuring your clients always stand out from the crowd.

Liven up your events and wow your visitors with dynamic, unforgettable displays.

Multi-media Table Talkers

Display slideshows or video messages to visitors.

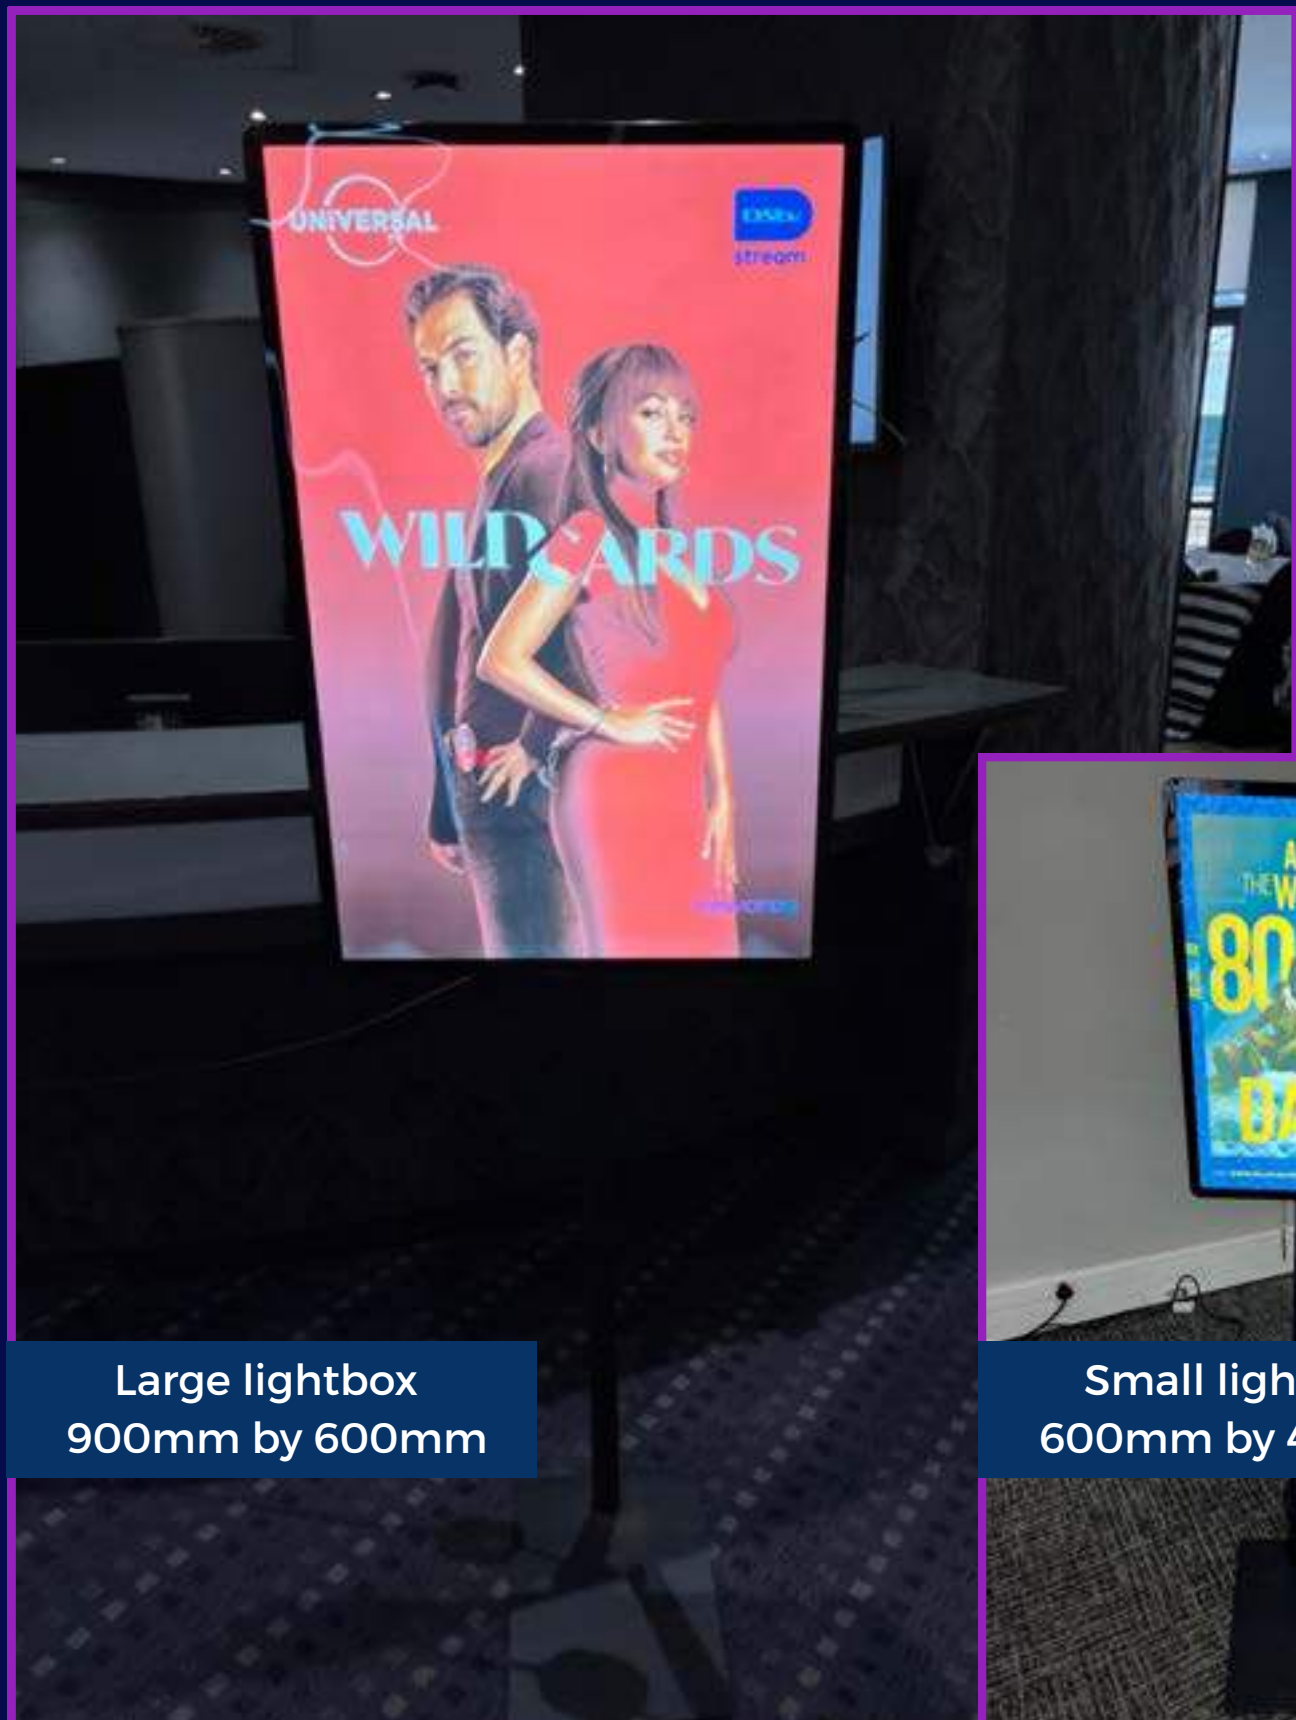

The perfect choice for highlighting your product benefits and features.

The Table Talker Digital Display is ideal for events, conferences, in retail environments, restaurants, and for any countertop type display.

The table talkers work brilliantly as a complementary display together with bigger screens.

The screen size is 8 inches, and the unit stands at 37 centimetres tall.

Small lightbox
600mm by 400mm

Indoor lightboxes

Illuminate your event with the modern appeal of indoor lightboxes.

These dynamic displays capture attention with crisp, vibrant visuals, transforming any space into a captivating showcase for your brand or message.

Indoor lightboxes effortlessly blend functionality with style, ensuring that your promotions, announcements, or artwork stand out in even the busiest environments.

Indoor lightboxes are also ideal for use at venue entrances or as directional signage.

Choose indoor lightboxes to add a touch of modern sophistication and drive engagement at your next event.
